THE SENATE OF THE STATE OF NEW YORK, ALBANY

When my secretary sent you a check for your bill, it should have expressed to you the satisfaction my family feels at your work on the place. You did a very satisfactory piece of work, which is much admired. Very few of the trees will need replacing—I think only two of the pines. If any of you are up this way, you must surely stop and see things.—EDGAR T. BRACKETT, Saratoga Springs, N. Y., *July 9.*

I have been very much pleased by the care and attention given by you and your Mr. Clucas to my orders, and hope that my cordial recommendation of you, which I have often repeated to many of my friends who are laying out new places, has brought you a good deal of business. In some instances, my friends have thanked me for suggesting you.—LAWRENCE ATTERBURY, New York City, *May 11.*

I thank you very much for your prompt attention to my small order. It will probably lead to larger in the future. The plants came to hand in good order and I placed them in the ground after the sun had gone down.—R. B. S., Suffern, N. Y., *May 3.*

B., Tacoma, Washington, *April 2.*

After a long delay, meaning a thorough test of your shrubs' plants, etc., in the ground now nearly two weeks, I want to thank you for the beautiful and bountiful fulfilment of my order. Clumps of Campanulas, Poppies, Digitalis, Carnations, divided so generously, that I set out an extra dozen to about every three dozen ordered. They are thriving beautifully. I counted more than thirty buds on some Rhododendrons and Azaleas, when order called for ten to twenty buds. The Roses are the largest, finest and cheapest I ever bought, and I have over 100 Roses on my place ordered from other houses over a year ago. I paid more for them and none equal yours set out this year. Enclosed find check for new and long list of Roses.—MRS. GARET G., Bound Brook, N. J., *April 20*.

In these times when a man wishes to economize all along the line, your catalogue is indeed most satisfying. I have received probably every catalogue issued this spring by the large firms in the East and middle West and the prices presented by your house run from 33 per cent to 300 per cent less on almost every item. As I have purchased plants of you and your predecessor, I know that the stocks are equal in every instance to those sent out by the others, so it seems that the payment of high prices for the usual flower-garden this spring is a matter of choice and not of necessity.—PARKE H. D., Easton, Pa., *April 28*.
